Company Profile

Lashing down sophisticated state-of-the-art technology into the growing beauty and manicure industry, we at Parch Petals devise innovative tools and equipment to elevate this ever-sustaining industry. Founded in the year 2017, we are currently located in Nanhai District, Foshan in China as Foshan Jiefuda Electric Appliance Co., Ltd as an entity enterprise with our main products line of nail drill machines thriving in the market, holding a massive 50% of the local market alone.

“We are dedicated to offer unparalleled services to our clients. Innovation is a major part of it and as a resourceful firm, we happily welcome our clients to innovate new features to our products or new products altogether.”

- Mike Young(CEO)
